FIELD LEVEL NOTES

1. Section Number: Main

Field Name: FedAllocExpended Row Name: Federal Allocation Column Name: Expended

Year: 2004 Field Note:

The MCH Block Grant to Kansas was reduced from \$5,151,370 to \$4,963,545 in FFY 04. The reduction was due to the use of 2000 Census data for children in poverty in the federal funding formula. While Kansas' number of children in poverty increased, Kansas' proportion of the nation's children in poverty decreased. MCH Block Grant funding for some other states such as California, Texas, and New York increased. The net reduction for Kansas was \$187,825. This loss of funds follows 12 years of level funding

In FFY 05, an across the board reduction in federal spending for domestic programs resulted in another reduction of \$23,619. For FFY 05 the federal award was \$4,939,926.

2. Section Number: Main

Field Name: LocalMCHFundsExpended

Row Name: Local MCH Funds Column Name: Expended

Year: 2004 Field Note:

The amount of local funds budgeted for FY 2004 is the amount of match required of local agencies. The amount of funds expended for FY 2004 is the amount reported to the KDHE fiscal office by local agencies on the Aid-to-Local quarterly affidavits. Data source: K. Shaughnessy

3. Section Number: Main

FORM 10 TITLE V MATERNAL & CHILD HEALTH SERVICES BLOCK GRANT STATE PROFILE FOR FY 2006 [SEC. 506(A)(1)]

STATE: KS

1. State MCH Administration:

The Bureau for Children, Youth and Families in the Kansas Department of Health and Environment administers the Maternal and Child Health Services Block Grant program. the mission of the BCYF is to provide leadership to enhance the health of Kansas women and children in partnership with families and communities. BCYF core functions include assessment, policy development and assurance. BCYF engages in the 10 essential public health services to promote the health of mothers and children: assess and monitor health status; diagnose and investigate health problems; inform and educate the public and families; mobilize community partnerships; priority setting, planning and policy development; legal requirements to protect health and safety; link mothers and children to services; assure competent workforce; evaluate services; and research to improve MCH.

2. Federal Allocation (Line 1, Form 2)	\$	4,939,926
3. Unobligated balance (Line 2, Form 2)	\$ <u></u>	0
4. State Funds (Line 3, Form 2)	\$ <u></u>	3,459,920
5. Local MCH Funds (Line 4, Form 2)	\$	2,197,725
6. Other Funds (Line 5, Form 2)	\$	0

Block Grant Funds

9. Most significant providers receiving MCH funds:

11. Statewide Initiatives and Partnerships:

a. Direct Medical Care and Enabling Services:

d. CSHCN

e. Others

a. Pregnant Women b. Infants < 1 year old c. Children 1 to 22 years old

Children with Special Health Care Needs assists parents with purchase of medical specialty services, surgery and medications for uninsured and underinsured children. CSHCN staff provide case management services to assure linkages to health insurance and quality care. MCH staff provide training to local health department staff and to school nurses to assist families with health insurance applications and to establish a medical home for each child.

b. Population-Based Services:

(max 2500 characters)

The BCYF assures that each Kansas newborn has Newborn Metabolic Screening (PKU, galactosemia, hypothyroidism, and sickle cell) and Newborn Hearing Screening. A nurse and an audiologist notify providers of out-of-range tests and the need for further diagnostic testing. They refer the families to quality services and to financial assistance

c. Infrastructure Building Services:

(max 2500 characters)

BCYF provides leadership to state early childhood strategic plan and implementation processes to assure that access to health insurance and medical home for young children are included as key components to the Kansas early childhood/school readiness framework. BCYF coordinates with the Heartland Genetics Consortium to assess cross-state collaborations and development of a State Genetics Plan. BCYF assists the Mid-America Poison Control Center with its application for national certification through the AAPCC.

FIELD LEVEL NOTES

1. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Kansas Newborn Screening program.

For the July 2003 submission the numerator and denominator changed to conform to the Detail sheet.

2. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Kansas Newborn Screening program.

For the July 2003 and 2004 submissions the numerator and denominator changed to conform to the Detail sheet.

3. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Kansas Newborn Screening program. Estimate based on 2003 data.

4. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: State estimates from the CSHCN national survey (SLAITS).

. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: State estimates from the CSHCN national survey (SLAITS). The data reported in 2002 have pre-populated the data for 2003 for this performance

measure.

6. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: State estimates from the CSHCN national survey (SLAITS). The data reported in 2002 have pre-populated the data for 2003 and 2004 for this

performance measure

7. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: CSHCN national survey (SLAITS) state estimates.

8. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: State estimates from the CSHCN national survey (SLAITS). The data reported in 2002 have pre-populated the data for 2003 for this performance

measure.

9. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: State estimates from the CSHCN national survey (SLAITS). The data reported in 2002 have pre-populated the data for 2003 and 2004 for this

performance measure.

10. Section Number: Performance Measure #4

Field Name: PM04 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: CSHCN national survey (SLAITS) state estimates.

11. Section Number: Performance Measure #4

Field Name: PM04

Row Name: Column Name: Year: 2003

Field Note:

2003 Data Source: CSHCN national survey (SLAITS) state estimates. The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

12. Section Number: Performance Measure #4

Field Name: PM04 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: CSHCN national survey (SLAITS) state estimates.

The data reported in 2002 have pre-populated the data for 2003 and 2004 for this performance measure.

13. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: CSHCN national survey (SLAITS) state estimates.

14. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: CSHCN national survey (SLAITS) state estimates. The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

15. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: CSHCN national survey (SLAITS) state estimates. The data reported in 2002 have pre-populated the data for 2003 and 2004 for this performance

measure.

16. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: CSHCN national survey (SLAITS) state estimates. Only one of the States (Maine) met the NCHS standards for reliability for PM 6, the 2002 indicator is

the national average except for Maine uses its State value.

17. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: CSHCN national survey (SLAITS) state estimates. The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

18. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: CSHCN national survey (SLAITS) state estimates. The data reported in 2002 have pre-populated the data for 2003 and 2004 for this performance

measure.

19. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: National Immunization Survey, 2002. NIS Rates for DTP4: Polio3:MMR1 combination are reported here. In Kansas, vaccination for Haemophilus

Influenza type B and Hepatitis B were not required for school entry for the the survey years reported here, but recommended and may be under reported.

20. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: National Immunization Survey, 2003. National Immunization Survey Rates for DTP4: Polio3:MMR1 combination are reported here. In Kansas, vaccination for Haemophilus Influenza type B and Hepatitis B were not required for school entry for the the survey years reported here, but recommended and may be under

reported.

21. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: NIS data not yet available for 2004.

22. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Sources: Kansas Vital Statistics, 2001 resident data (numerator) and U.S. Census estimates (Bridged-Race Vintage data set)(denominator).

23. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Sources: Kansas Vital Statistics, 2002 resident data (numerator) and U.S. Census estimates (Bridged-Race Vintage data set)(denominator).

24. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Sources: Birth certificate data for 2004 is not currently available. The Office of Vital Statistics estimates that the data will be released September of 2005.

25. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Sources: Behavior Risk Factor Surveillance System (numerator); U.S. Census estimate 2002 (denominator).

1999: 1999 BRFSS; 2000: Zero is entered - The question was not asked in 2000; 2001: 2001 BRFSS; 2002: 2002 BRFSS; 2003: The question was not asked in 2003, therefore data listed in 2003 are estimates based on 2002. 2004 data is based on the open mouth survey of Kansas 3rd graders called Smiles Across Kansas.

2000 Census estimate was used as denominator for 1999-2001 data. 2002 Census estimate was used as denominator for 2002.

Percentage represents percent of children ages 7-17 who have ever had dental sealants placed on their teeth (as reported by an adult respondent, weighted to represent children in population).

26. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Sources: Estimate based on 2002 BRFSS data.

27. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Sources: ASTDD survey of Kansas third graders called Smiles Across Kansas (numerator); U.S. Census estimates (denominator)

28. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Sources: Kansas Vital Statistics, 2001 resident data (numerator); U.S. Census 2000 data (denominator).

Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Sources: Kansas Vital Statistics, 2003 resident data (numerator); U.S. Census estimates 2003 (denominator).

30. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Sources: Data is not currently available. The Office of Vital Statistics estimates 2004 data will be released September of 2005.

31. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: CDC Pediatric Nutrition Surveillance System (PedsNSS), Kansas WIC Program. Recently, CDC revised its guidelines on how PedNSS breastfeeding data are evaluated. In so doing, CDC reevaluated national and state breastfeeding trends. Now, when multiple records are submitted for a child during the reporting period, CDC creates a unique child record that contains some data from all available records. Also, the breastfeeding rates only look at children born during the reporting year. These changes affected the breastfeeding rates for 2001 and past years for both Kansas and the U.S.. Currently, Kansas does not include a breastfeeding question on its certificate of live birth and so there is no Vital Statistics data on breastfeeding at hospital discharge.

32. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Ross Laboratory Survey 2003 (numerator); Vital Statistics, occurrent births 2003 (denominator).

33. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Currently, data is not available for either the numerator or denominator. The Center for Health & Environmental Vital Statistics, KDHE, estimates 2004 data (denominator) will be released September of 2005.

34. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Sources: Newborn Hearing Screening program, estimated on 3rd and 4th quarter data, 2002 (numerator); Kansas Vital Statistics, occurrent births 2000 and 2001 (denominator).

35. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Sources: Newborn Hearing Screening program, 2003 (numerator); Vital Statistics, occurrent births 2003 (denominator).

36. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Sources: Newborn Hearing Screening program 2004 (numerator); Vital Statistics occurrent births Provisional for 2004 (denominator).

37. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: U.S. Census - Percent of children under 18 years not covered at any time during the year by some type of health insurance.

http://www.census.gov/hhes/www/hlthins.html (numerator)

38. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: U.S. Census - Percent of children under 18 years not covered at any time during the year by some type of health insurance.

http://www.census.gov/hhes/www/hlthins.html

Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Data is not yet available for 2004.

0. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Medicaid paid claims data file, Kansas Department of Social and Rehabilitation Services (numerator); estimate of actual Medicaid-enrolled population by increasing the actual Medicaid population by 4% and rounding to the nearest thousand. FY02 = Calendar year 2002.

41. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Medicaid paid claims data file, Kansas Department of Social and Rehabilitation Services. # Medicaid enrollees (age1-21)who received a service during the reporting year (numerator); # Medicaid enrollees (denominator).

42. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Currently, the data is not available. CY2004 data will be available after all the claims are paid (should be 98-99% complete by December 31, 2005).

43. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Kansas Vital Statistics, 2001 resident data.

44. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Kansas Vital Statistics, 2003 resident data.

45. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Currently, the data is not available. Estimated release date is September of 2005.

46. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Kansas Vital Statistics, 2001 calendar year data (numerator); U.S. Census 2000 data (denominator).

47. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Kansas Vital Statistics, 2002 calendar year data (numerator); U.S. Census estimates Bridged-Race Vintage data set(denominator).

The 2000 through 2002 numerators and/or denominators were updated.

ICD-10 coding (1999-2002) X60-X84,Y870.The rates calculated for 2002, 2003 may be unreliable due to small sample size.

48. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Currently, data is not available. Data will be available in September of 2005.

49. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Kansas Vital Statistics, 2001 resident data.

Five Kansas facilities for high-risk deliveries and neonates are: Columbia Wesley Medical Center in Wichita; Via Christi-St. Francis in Wichita; Stormont-Vail Regional Medical Center in Topeka; Columbia Overland Park Medical Center in Overland Park, and the University of Kansas Bell Memorial Hospital in Kansas City.

50. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Kansas Vital Statistics, 2002 resident data.

Six level III hospitals are: Columbia Wesley Medical Center (Wichita), Via Christi-St. Francis, 1998-2000 (Wichita), Via Christi-St. Joseph, 2001-2002 (Wichita), Stormont-Vail Regional Medical Center (Topeka), Columbia Overland Park Medical Center (Overland Park), and Kansas Bell Memorial Hospital (Kansas City).

51. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2004 Field Note:

2004 Data Source: Currently, the data are not available. Estimated release date is September of 2005.

52. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2002 Field Note:

2002 Data Source: Vital Statistics, 2001 resident live births.

53. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2003 Field Note:

2003 Data Source: Vital Statistics, 2001 resident live births.

54. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2004 Field Note: 2004 Data Source: Currently the data are not available. Estimated release of 2004 data is September of 2005.

55. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2002 Field Note:

Kansas Vital Statistics. FY02 = Calendar year 2001 data. APNCU = Adequacy of Prenatal Care Utilization Index. Numerator and denominator represents percentage of population receiving 'Adequate' or 'Adequate Plus'.

56. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

The number of live births for both numerator and denominator only included live births where the number of prenatal visits and the month care began were reported on the birth certificate

57. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. Kansas Vital Statistics estimates 2004 data will be available Sept. 2005. The estimate for 2004 is provisionally set at the 2003 level.

58. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2002 Field Note:

This state performance measure is directly related to the data, epidemilogy, and anlaysis resources priority need. This need was identified across all population groups and Joint State Needs Assessment programs (MCH, Primary Care, and HIV/AIDS). "To carry out the 10 essential public health services, MCH programs need access to relavant program and policy information. This reuires basic data capacity on the part of the Title V agency including the ability to monitor health status, to investigate health problems, and to evaluate programs and policies. One measures of this capacity is the availability tof and use by State MCH program of key public health data sets..." (Title V Grant Guidance)

59. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2003 Field Note:

This state performance measure is directly related to the data, epidemilogy, and anlaysis resources priority need. 61. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Accident Records System, Kansas Department of Transportation. FY 02 = calendar year 2001. Records with unknown age and unknown safety equipment type excluded. "C" child restraints only counted. Shoulder and/or lap belt recorded as not properly restrained

62. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of children age 0 to 3 involved in a Kansas motor vehicle crash wearing a properly functioning child safety seat.

Denominator: Number of children age 0 to 3 with known safety equipment status involved in a Kansas motor vehicle crash.

Data Source: Kansas Department of Transportation - Kansas Traffic Accident Facts (Occupants*Birth-3 Years Old in Accidents - Safety Belt Usage ** History). *Excluding occupants in vehicle body types: motocycles, mopeds, farm equipment, all-terrain-vehicle, buses, trains, other, and unknown. **Safety belt usage=Child safety seat used property.

63. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimate for 2004 is provisionally set at the 2003 level.

64. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Department of Education website. FY95=1994-1995 school year, FY96=1995-1996 school year, FY97=1996-1997 school year, FY98=1997-1998 school year, FY99=1998-1999 school year, FY00=1999-2000 school year, FY01=2000-2001 school year, FY02=2001-2002 school year. Numerator: Number of (duplicated) violent acts against students and faculty in grades 6 through 9. Denominator: Number of students enrolled in grades 6 through 9.

65. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Kansas State Department of Education (KSDE) - www.ksde.state.ks.us/k12/state_bldg_reports.html, State Building Level Reports. All schools. FY99=1998-1999 school year, FY00=1999-2000 school year, FY01=2000-2001 school year, FY02=2001-2002 school year, FY03=2002-2003 school year.

Numerator: Number of (duplicated) violent acts against students and faculty in grades 6 through 9. Denominator: Number of students enrolled in grades 6 through 9.

66. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2004 Field Note:

Numerator: Sum of "duplicated violent acts against students" and "duplicated violent acts against faculty" for grades 6 through 9. Violent acts are defined by KSDE "malicious acts against students/staff which results in the student receiving an out-of-school suspension or expulsion."

Denominator: Number of enrolled students in grades 6 through 9.

Data source: Kansas State Department of Education (KSDE) website. State Building-Level Reports.

67. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2002 Field Note:

Data Source: CDC Pediatric Nutrition Surveillance System (PedsNSS), Kansas WIC Program. Represents percent of WIC children aged 24-59 months with high weight for height (greater than or equal to the 95th percentile). Recently, CDC revised its guidelines on how PedNSS data are evaluated. In so doing, CDC reevaluated national and state trends. Now, when multiple records are submitted for a child during the reporting period, CDC creates a unique child record that contains some data from all available records. These changes affected the overweight rates for 2001 and past years for both Kansas and the U.S.

68. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2003 Field Note:

Kansas WIC data of children, ages 2-<5, used as a proxy measure.

Data Source: Pediatric Nutrition Surveillance System (PedNSS), Kansas WIC Program - Table 2C from Summary of Health Indicators Children Aged <5 years. Recently, CDC revised its guidelines on how PedNSS data are evaluated. In so doing, CDC reevaluated national and state trends. Now, when multiple records are submitted for a child during the reporting period, CDC creates a unique child record that contains some data from all available records Therefore, 2001, 2002, and 2003 data are not comparable with previous years.

69. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimate for 2004 is provisionally set at the 2003 level.

70. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2002 Field Note:

Numerator: Number of KBH-eligible children ages 6 through 9 years with at least one KBH dental screen.

Denominator: Number of KBH-eligible children ages 6 through 9 years.

Data Source: Kansas Medicaid. FY = Calendar year data.

71. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2003 Field Note:

EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) known in Kansas as Kan Be Healthy (KBH) data is used as a proxy measure of children ages 6 - 9.

EPSDT is a required service under the Medicaid program for categorically needy individuals under age 21.

Numerator: Number of KBH-eligible children ages 6 through 9 years with at least one KBH dental screen.

Denominator: Number of KBH-eligible children ages 6 through 9 years.

Data source: Kansas Medicaid, KAN Be Healthy Annual Participation Report, Department of Social and Rehabilitation Services (SRS). FFY03=Calendar Year 2003.

72. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2004

Field Note: Final Report, 5/05

EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) known in Kansas as Kan Be Healthy (KBH) data is used as a proxy measure of children ages 6 - 9. EPSDT is a required service under the Medicaid program for categorically needy individuals under age 21.

Numerator: Number of KBH-eligible children ages 6 through 9 years with at least one KBH dental screen.

Denominator: Number of KBH-eligible children ages 6 through 9 years.

Data source: Kansas Medicaid, KAN Be Healthy Annual Participation Report, Department of Social and Rehabilitation Services (SRS). FFY04=Calendar Year 2004.

On October 1, 2003, SRS initiated a new Medicaid/SCHIP Management Information System. Conversion of data from the old system to the new system continued into 2004. This is likely responsible for any data irregularities. MCH will continue to monitor.

73. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2002 Field Note:

EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) known in Kansas as Kan Be Healthy (KBH) screening data was used as a proxy measure of percent of Kansas infants who receive health care according to the recommended schedule.

EPSDT is a required service under the Medicaid program for categorically needy individuals under age 21.

Numerator: Actual number of KBH screens (FFY)

Denominator: Expected number of KBH screens (FFY) for infants under age 1 based on periodicity schedule, enrollment period, and other factors.

Data source: Kansas Medicaid, KAN Be Healthy Annual Participation Report, The Kansas Department of Social and Rehabilitation Services (SRS)

74. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2003 Field Note:

EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) known in Kansas as Kan Be Healthy (KBH) screening data was used as a proxy measure of percent of Kansas infants who receive health care according to the recommended schedule.

EPSDT is a required service under the Medicaid program for categorically needy individuals under age 21.

Numerator: Actual number of KBH screens (FFY).

Denominator: Expected number of KBH screens (FFY) for infants under age 1 based on periodicity schedule, enrollment period, and other factors.

Data source: Kansas Medicaid, KAN Be Healthy Annual Participation Report, Department of Social and Rehabilitation Services (SRS)

75. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2004 Field Note:

Final data - May, 2005

EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) known in Kansas as Kan Be Healthy (KBH) screening data was used as a proxy measure of percent of Kansas infants who receive health care according to the recommended schedule.

EPSDT is a required service under the Medicaid program for categorically needy individuals under age 21.

Numerator: Actual number of KBH screens.

Denominator: Expected number of KBH screens for infants under age 1 based on periodicity schedule, enrollment period, and other factors.

Data source: Kansas Medicaid - KAN Be Healthy Annual Participation Report, The Kansas Department of Social and Rehabilitation Services

On October 1, 2003, SRS initiated a new Medicaid/SCHIP Management Information System. Conversion of data from the old system to the new system continued into 2004. This is likely responsible for any data irregularities. MCH will continue to monitor.

76. Section Number: State Performance Measure #9

Field Name: SM9 Row Name: Column Name: Year: 2003 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

Resident Data, live births where the number of prenatal visits and the month care began were reported on the birth certificate.

Data Source: Center for Health & Environmental Statistics

FIELD LEVEL NOTES

1. Section Number: Outcome Measure 1

Field Name: OM01 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2001 resident data. The performance objective is based on the Healthy People 2010.

Section Number: Outcome Measure 1

Field Name: OM01 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

3. Section Number: Outcome Measure 1

Field Name: OM01 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Office of Vital Statistics estimates 2004 data will be released Sept., 2005. Since 2004 data is not currently available, 2003 data is repeated for 2004.

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

4. Section Number: Outcome Measure 2

Field Name: OM02 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2001 resident data.

Kansas data for Black infant mortality is subject to fluctuation in part due to small numbers. The performance objective of 1.8 is below the HP 2010, 1998 national baseline of 2.3. Note the major increase in 2002 to 3.1. This possible trend will be monitored and the performance measure has been adjusted upwards to the national HP 2010 baseline of 2.3.

5. Section Number: Outcome Measure 2

Field Name: OM02 Row Name: Column Name: Year: 2003 Field Note:

Nationally, the ratio of black infant mortality rate to white infant mortality rate was 2.4 for 2002. Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

6. Section Number: Outcome Measure 2

Field Name: OM02 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Office of Vital Statistics estimates 2004 data will be released Sept., 2005. Since 2004 data is not currently available, 2003 data is repeated for 2004.

Data Source: Center for Health & Environmental Vital Statistics, KDHE, calendar year, resident data.

7. Section Number: Outcome Measure 3

Field Name: OM03 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2001 resident data. The performance objective is based on the Healthy People 2010.

Section Number: Outcome Measure 3

Field Name: OM03 Row Name: Column Name: Year: 2003 Field Note:

The performance objective is based on the Healthy People 2010 target (16-1d).

Data Source: Center for Health & Environmental Statistics, KDHE, calendar year, resident data.

9. Section Number: Outcome Measure 3

Field Name: OM03 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center for Health & Environmental Statistics estimates 2004 data will be released Sept., 2005. Since the 2004 data is not currently available, 2003 data was repeated in the 2004 column.

The performance objective is based on the Healthy People 2010 target

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

Section Number: Outcome Measure 4

Field Name: OM04 **Row Name:** Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2001 resident data. The performance objective is based on the Healthy People 2010.

11. Section Number: Outcome Measure 4

Field Name: OM04 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

12. Section Number: Outcome Measure 4

Field Name: OM04 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center for Health & Environmental Statistics estimates 2004 data will be released Sept., 2005. Since 2004 data is not currently

available, 2003 data was repeated in the 2004 column.

The annual performance objectives were revised to more closely reflect the actual trend in Kansas and the 2010 Healthy People target (16-1e) of 1.5/1,000 live births.

Data Source: Center for Health & Environmental Statistics, KDHE, calendar year, resident data.

13. Section Number: Outcome Measure 5

Field Name: OM05 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2001 resident data.

The performance objective is based on the HP 2010, 1997 national baseline.

Section Number: Outcome Measure 5

Field Name: OM05 Row Name: Column Name: Year: 2003 Field Note:

Prior to 2003, perinatal mortality was defined as fetal death greater than 350 grams and neonatal deaths less than or equal to 6 days. To conform to current MCH guidelines, data from 1999 forward has been updated to reflect fetal deaths greater than 28 weeks and neonatal deaths less than and equal to 6 days. Based on this update the Annual Performance Objective has been revised to align the objective to the 2010 Healthy People target.

Data Source: Center for Health & Environmental Vital Statistics (KDHE), calendar year, resident data.

15. Section Number: Outcome Measure 5

Field Name: OM05 **Row Name:** Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center for Health & Environmental Statistics estimates 2004 data will be released Sept., 2005. Since 2004 data is not currently

available, 2003 data was repeated in the 2004 column.

The annual performance objectives are based on the 2010 Healthy People (16-1b) target of 4.5/1,000 live births.

Data Source: Center for Health & Environmental Statistics, KDHE, calendar year, resident data.

16. Section Number: Outcome Measure 6

Field Name: OM06 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year. 2000 census data by age group were used for the denominator to calculate rates.

The performance objective for 2005-2007 is based on a review of the HP 2010, 1998 baselines for age groups 1-4, 5-9, and 10-14.

17. Section Number: Outcome Measure 6

Field Name: OM06 **Row Name:** Column Name: Year: 2003 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

The 2000 through 2002 numerators and/or denominators were updated.

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

2000 and 2001 denominators are 2000 US Census data, 2002 denominator is calculated from the Briged Race Vintage Series (US Census)

18. Section Number: Outcome Measure 6

Field Name: OM06 **Row Name:** Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center for Health & Environmental Statistics estimates 2004 data will be released Sept., 2005. Since 2004 data is not currently

available, 2003 data is repeated in the 2004 column.

Data Source: Center for Health & Environmental Vital Statistics, KDHE, calendar year, resident data.

2000 and 2001 denominators are 2000 US Census data, 2002, 2003 denominators are calculated from the Briged Race Vintage Series (US Census)

CHARACTERISTICS DOCUMENTING FAMILY PARTICIPATION IN CSHCN PROGRAMS STATE: KS 1. FORM 14 LIST OF MCH PRIORITY NEEDS

[Sec. 505(a)(5)]

STATE: KS FY: 2006

Your State's 5-year Needs Assessment should identify the need for preventive and primary care services for pregnant women, mothers, and infants; preventive and primary care services for children and services for Children with Special Health Care Needs. With each year's Block Grant application, provide a list (whether or not the priority needs change) of the top maternal and child health needs in your state. Using simple sentence or phrase, list below your State's needs. Examples of such statements are: "To reduce the barriers to the delivery of care for pregnant women, " and "The infant mortality rate for minorities should be reduced."

MCHB will capture annually every State's top 7 to 10 priority needs in an information system for comparison, tracking, and reporting purposes; you must list at least 7 and no more than 10. Note that the numbers listed below are for computer tracking only and are not meant to indicate priority order. If your State wishes to report more than 10 priority needs, list additional priority needs in a note at the form level.

- 1. Increase early and comprehensive health care before, during, and after pregnancy.
- 2. Reduce premature births and low birthweight.
- 3. Increase breastfeeding.
- 4. Improve behavioral/mental health status of children and adolescents.
- 5. Reduce overweight among children and adolescents.
- 6. Reduce preventable injuries and deaths among children and adolescents.
- Increase care within a medical home for CSHCN.
- 8. Improve transitional service systems for CSHCN.
- 9. Decrease financial impact on CSHCN and their families.
- 10.

FORM 16 STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET STATE: KS

SP # 1

PERFORMANCE MEASURE: Percent of births to Hispanic women having received adequate prenatal care (APNCU).

STATUS: Activ

GOAL To reduce the disparity between Hispanic and Non-Hispanic access to prenatal care.

DEFINITION APNCU Index: Adequacy of Prenatal Care is based on the Adequacy of Prenatal Care Utilization Index by Milton

Kotelchuck, PhD, MPH. Percent scoring "Adequate" or "Adequate Plus" on APNCU Index.

Numerator:

Number of live births to resident Hispanic women who have received adequate prenatal care

Denominator:

Total number of live births to resident Hispanic women in the state.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE 16-

Increase the proportion of pregnant women who receive early and adequate prenatal care

DATA SOURCES AND DATA ISSUES

Kansas Center for Health and Environmental Statistics

SIGNIFICANCE The most recent statistics from Kansas shows a lower rate of adequate prenatal care for Hispanic women as compared to

other women in the state. Addressing this goal will help the state to meet its goal of eliminating health disparities.

PERFORMANCE MEASURE: Data capacity of the MCH program.

STATUS: Act

Goal To increase MCH data, epidemiological, and analysis capacity. The MCH program should have access to essential policy

and program relavant information from key public health data sets relating to women, children, and families.

DEFINITION MCH data capacity

Numerator:

N/A

Denominator:

N/A

Units: 1 Text: 5

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Bureau for Children, Youth and Families in consultation with the data resource providers.

SIGNIFICANCE

This performance measure is directly related to the data, epi, and analysis resources priority need. This need was identified across all population groups and JSNA programs (MCH, Primary Care, and HIV/AIDS). "To carry out the 10 essential public health services, MCH programs need access to relavant program and policy information. This requires basic data capacity on the part of the Title V agency including the ability to monitor health status, to investigate health problems, and to evaluate programs and policies. One measure of this capacity is the availability of and use by State MCH programs of key public

health data sets..." (Title V Grant Guidance)

PERFORMANCE MEASURE: Percent of Children under age 4 in motor vehicle crashes using proper child safety equipment.

STATUS: Active

GOAL To increase the number of children age 0-3 using child safety seats which, in turn, is expected to reduce injuries and

fatalities caused by motor vehicle crashes.

DEFINITION

Numerator:

Number of children age 0 to 3 involved in a Kansas motor vehicle crash wearing a properly functioning child safety seat.

Denominator:

Number of children age 0 to 3 with known safety equipment status involved in a Kansas motor vehicle crash.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

SIGNIFICANCE

Kansas Accident Records System (KARS), Kansas Department of Transportation

This performance measure is directly related to the "unintentional injuries" priority need. Nationwide, "serious nonfatal unintentional injuries account for 84 percent of injury-related hospitalizations and result in an estimated \$108 billion in lifetime medical cost." (Title V Grant Guidance) In Kansas, unintentional injuries is the leading cause of death for each of the following age groups of children and adolescents: 1-4 years, 5-14 years, and 15-24 years. Within unintentional injuries, motor vehicle crashes are the leading cause of mortality. Kansas statute (KSA 8-1344 through 8-1347) requires that

children under age 4 use a child safety seat.

PERFORMANCE MEASURE: Number of Violent acts among 6th through 9th grade students per 100 enrolled students.

Active STATUS:

GOAL To reduce the number of violent acts by students in grades 6 through 9.

DEFINITION Violet acts are defined by KSDE "malicious acts against students and staff which results in the student receiving an out-of-

school suspension or expulsion."

Sum of "duplicated violent acts against students" and "duplicated violent acts against faculty" for grades 6 through 9. Violent acts are defined by KSDE "malicious acts against students/staff which results in the student receiving an out-of-school

suspension or expulsion."

Denominator:

Number of enrolled students in grades 6 through 9.

Units: 100 Text: 1

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES Kansas State Department of Education (KSDE) website. State Building-Level Reports. All schools.

http://www.ksbe.state.ks.us/k12/state_bidg_reports.html Numerator: Violence by Grade, Race, and Gender Denominator:

Enrollment by Grade, Race, and Gender

SIGNIFICANCE

This performance measure is directly related to the "intentional injuries" priority need. Grades 6 through 9 were chosen because school violence rates are highest in middle and junior high schools. Also, there is greater potential for intervention and behavior change before the students reach high school.

PERFORMANCE MEASURE: Percent of children who are overweight.

STATUS: Active

GOAL To reduce the percentage of children who are overweight.

DEFINITION Overweight: Children who are above the 95th percentile according to growth charts.

Numerator:Number of overweight WIC children, ages 2-5. Calculated from reported denominator and percentage.

Denominator: Number of WIC children, ages 2-5.

Units: 100 Text: 1

HEALTHY PEOPLE 2010 OBJECTIVE

Pediatric Nutrition Surveillance System (PedNSS), Kansas WIC Program - Table 2C, Summary of Health Indicators **DATA SOURCES AND DATA ISSUES**

Children ages 2-5.

This performance measure is directly related to the "nutrition and physical activity" priority need. "Maintenance of healthy **SIGNIFICANCE**

weight is a major goal to reduce the burden of illness and its consequent reduction in quality of life and life expectancy....Patterns of healthful eating behavior need to begin in childhood and be maintained throughout

adulthood....There is much concern about the increasing prevalence of obesity in children and adolescents. Overweight and obesity acquired during childhood or adolescence may persist into adulthood and increase the risk for some chronic diseases later in life." (Healthy People 2010, Conference Edition). Furthermore, a recent UK study found that children from economically deprived circumstances are more likely to become obese. (Journal of Epidemiology and Community Health

2000;54:456-460.)

PERFORMANCE MEASURE: Percent of children with at least one dental screen in the past year.

STATUS: Active

GOAL To increase the percentage of children who receive dental screens.

DEFINITIONDental care: Receive adequate fluoride exposure or adhesive sealants, regular professional care, or oral hygiene

instruction.

Numerator:

Number of KBH-eligible children ages 6 through 9 years with at least one KBH dental screen.

Denominator:

Number of KBH-eligible children ages 6 through 9 years.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Kansas Department of Social and Rehabilitation Services (SRS). Adhoc reports.

SIGNIFICANCE

This performance measure is directly related to the "oral health capacity" priority need. KBH is the Kansas' EPSDT program. "Dental caries is perhaps the most prevalent disease known. Except in its early stages, it is irreversible and cumulative. Children aged 6 though 8 are at an important state of dental development. The importance of optimal oral health for these children is not only to their current oral functioning, but also for long-term health. Community water fluoridation, use of preventive services (sealants and topical fluoride treatments) and appropriate oral health behaviors decrease the chance that children will develop caries. Many children, particularly those in high-risk groups, do not receive adequate fluoride exposure or adhesive sealants, regular professional care, or oral hygiene instruction. For children from low-income families,

PERFORMANCE MEASURE: Percent of infants who have received health care according to the recommended schedule.

STATUS: Active

GOAL Increase the percent of infants who receive health care according to the recommended health care schedule.

DEFINITIONKan Be Healthy screening data was used as a proxy measure of percent of Kansas infants who receive health care

according to the recommended schedule.

Numerator:

Actual number of KBH screens.

Denominator:

Expected number of KBH screens for infants under age 1 based on periodicity schedule, enrollment period, and other

factors.

Units: 100 Text: 1

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Kansas Department of Social and Rehabilitation Services (SRS). HCFA Annual EPSDT Participation Report.

SIGNIFICANCE

This performance measure is related to the "coordinated systems of care" priority need. Local stakeholders clearly identified categorical barriers and lack of coordinated systems as a problem. Unless remedied, local program managers expect these issues to be manifested in decreased KBH screen rates and decreased immunization rates. KBH is Kansas' EPSDT program. "The EPSDT program is a national initiative to provide quality comprehensive services to all Medicaid eligible children." (Title V Grant Guidance) For improved health outcomes, it is important that all children, especially infants, receive

the recommended number of well-child screenings.

FORM NOTES FOR FORM 16

None

FIELD LEVEL NOTES

1. Section Number: State Performance Measure 1

Field Name: SPM1 Row Name: Column Name: Year: 2006 Field Note:

Baseline: 2001 KHI Study - 13.2% of Kansas women of reproductive age (15-44) were uninsured. In the same study, 8% of Kansas children were uninsured. According to the U.S. Census for 2003, 11% of the general Kansas population was uninsured. Women of reproductive age are overrepresented among the uninsured.

2. Section Number: State Performance Measure 2

Field Name: SPM2 Row Name: Column Name: Year: 2006 Field Note:

Baseline: 2002 MMWR data released in 2005 show that over 12.7% of Kansas pregnant women smoke cigarettes.

3. Section Number: State Performance Measure 3

Field Name: SPM3 Row Name: Column Name: Year: 2006 Field Note:

Baseline: WIC PedNSS data for 2003 showed that only 19.6% of women participating in the WIC program were breastfeeding at 6 months. This compares with 37.3 for the general Kansas population (2003 NIS data from CDC).

4. Section Number: State Performance Measure 4

Field Name: SPM4 Row Name: Column Name: Year: 2006 Field Note:

Baseline: SRS data for community mental health centers shows that from May 1, 2004 to April 30, 2005, CMHCs served 41,326 children and adolescents (ages 0-21). 2003 U.S. Census data show the age group population for 0-21 at 864,197. These data indicate that 4.8% of the Kansas population of children & adolescents ages 0-21 received services through CMHCs.

5. Section Number: State Performance Measure 5

Field Name: SPM5 Row Name: Column Name: Year: 2006 Field Note:

Baseline: 12.6% of children ages 2 to 5 participating in the WIC program were overweight in 2003. This percent has shown a steady rise over the past few years.

Section Number: State Performance Measure 6

Field Name: SPM6 Row Name: Column Name: Year: 2006 Field Note:

Baseline: In 2003, there were 26.4 deaths per 100,000 age group population (15-19) in MV crashes without seat belt use. 2003 FARS data was used for numerator and 2003 U.S. Census data for the denominator.

2003 U.S. Census data for the denominator.

Section Number: State Performance Measure 7
Field Name: SPM7
Row Name:
Column Name:
Year: 2006
Field Note:

Baseline: This is an estimate of 58.9% based on 2001 National CSHCN Survey results for children 0-17.

8. Section Number: State Performance Measure 8

Field Name: SPM8 Row Name: Column Name: Year: 2006 Field Note:

Baseline: This is an estimate of 5.8% based on 2001 National CSHCN Survey results for youth (13-17) receiving the services necessary to make transition to all aspects of adult life.

9. Section Number: State Performance Measure 9

Field Name: SPM9 Row Name: Column Name: Year: 2006 Field Note:

Baseline: 2001 National CSHCN Survey showed that 24.4% of Kansas families with CSHCN experienced financial problems due to child's health needs.

FORM 17 HEALTH SYSTEMS CAPACITY INDICATORS FORMS FOR HSCI 01 THROUGH 04, 07 & 08 - MULTI-YEAR DATA STATE: KS

FIELD LEVEL NOTES

1. Section Number: Health Systems Capacity Indicator #01

Field Name: HSC01 Row Name: Column Name: Year: 2002 Field Note:

Data includes hospital discharges of Kansas residents from non-federal and non-state short-term (average length of stay less than 30 days) general and specialty hospitals whose facilities are open to the general public.

Numerator: Number of resident asthma (ICD-9 codes: 493.0 - 493.9) hospital discharges for children less than five years old.

Data Source: Center for Heath and Environmental Statistics, Kansas Hospital Association.

Denominator: Estimate of all children less than five years old.

Data Source: 2000 Census populations used for 2000, 2001. The 2002, population was calculated using census estimates (Bridged-Race Vintage data set).

2. Section Number: Health Systems Capacity Indicator #01

Field Name: HSC01 Row Name: Column Name: Year: 2003 Field Note:

2003 data is not available currently. The estimate for 2003 is provisionally set at the 2002 level.

Data includes hospital discharges of Kansas residents from non-federal and non-state short-term (average length of stay less than 30 days) general and specialty hospitals whose facilities are open to the general public.

Only discharges with asthma as a primary diagnosis were included.

Data Source: Center for Heath and Environmental Statistics, Kansas Hospital Association.

3. Section Number: Health Systems Capacity Indicator #01

Field Name: HSC01 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimate for 2004 is provisionally set at the 2002 level.

Data includes hospital discharges of Kansas residents from non-federal and non-state short-term (average length of stay less than 30 days) general and specialty hospitals whose facilities are open to the general public.

Only discharges with asthma as a primary diagnosis were included.

Data Source: Center for Heath and Environmental Statistics, Kansas Hospital Association.

4. Section Number: Health Systems Capacity Indicator #02

Field Name: HSC02 Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. Numerator represents the unduplicated number of Medicaid children with at least one of any type (medical, dental, vision, or hearing) of screen. Denominator represents unduplicated number of Medicaid enrollees less than one year of age. FY02 = Calendar year 2002.

5. Section Number: Health Systems Capacity Indicator #02

Field Name: HSC02 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services, Federal Fiscal Year 2003.

Numerator=Total eligibles receiving at least one initial or periodic screen.

Denominator=Total eligibles who should receive at least one initial or periodic screen.

6. Section Number: Health Systems Capacity Indicator #02

Field Name: HSC02 Row Name: Column Name: Year: 2004 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services, Federal Fiscal Year 2004 - provisional data. Final data will be available after April, 2005.

Numerator=Total eligibles receiving at least one initial or periodic screen.

Denominator=Total eligibles who should receive at least one initial or periodic screen.

On October 1, 2003, SRS initiated a new Medicaid/SCHIP Management Information System. Conversion of data from the old system to the new system continued into 2004. This is likely responsible for any data irregularities. MCH will continue to monitor.

7. Section Number: Health Systems Capacity Indicator #03

Field Name: HSC03 Row Name: Column Name: Year: 2003 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services, SCHIP, Federal Fiscal Year 2003.

Numerator=Total eligibles receiving at least one initial or periodic screen.

Denominator=Total eligibles who should receive at least one initial or periodic screen.

8. Section Number: Health Systems Capacity Indicator #03

Field Name: HSC03 Row Name: Column Name: Year: 2004 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services, SCHIP, Federal Fiscal Year 2004.

Numerator=Total eligibles receiving at least one initial or periodic screen.

Denominator=Total eligibles who should receive at least one initial or periodic screen.

On October 1, 2003, SRS initiated a new Medicaid/SCHIP Management Information System. Conversion of data from the old system to the new system continued into 2004. This is likely responsible for any data irregularities. MCH will continue to monitor.

9. Section Number: Health Systems Capacity Indicator #04

Field Name: HSC04 Row Name: Column Name: Year: 2002 Field Note:

Numerator: Number of resident women (15 through 44) during the reporting calendar year whose observed to expected prenatal visits are greater than or equal to 80

percent on the Kotelchuck Index.

. Denominator: All resident women (15 through 44) with a live birth during the reporting calendar year.

Percent of population aged 15-44 scoring "Adequate" or "Adequate Plus" on APNCU Index.

Data Source:

Numerator and Denominator: Center for Health & Environmental Vital Statistics, Kansas Department of Health & Environment.

10. Section Number: Health Systems Capacity Indicator #04

Field Name: HSC04 Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of resident women (15 through 44) during the reporting calendar year whose observed to expected prenatal visits are greater than or equal to 80

percent on the Kotelchuck Index.

Denominator: All resident women (15 through 44) with a live birth during the reporting calendar year.

Data Source:

Numerator and Denominator: Center for Health & Environmental Vital Statistics, Kansas Department of Health & Environment.

11. Section Number: Health Systems Capacity Indicator #04

Field Name: HSC04 Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimate for 2004 is provisionally set at the 2003 level.

FORM NOTES FOR FORM 20

Health Status Indicator # 04B and Health Status Indicator # 04C have been updated for 2002. The 2002 data can not be compared to the previous data. This is due to changing the data source to allow complaisance with the Title V Guidance. The previous data source was the Kansas Department of Transportation- presently we are using Hospital Discharge data.

FIELD LEVEL NOTES

1. Section Number: Health Status Indicator #01A

Field Name: HSI01A Row Name: Column Name: Year: 2002 Field Note:

Data Source: Center for Health and Environmental Statistics.

2. Section Number: Health Status Indicator #01A

Field Name: HSI01A Row Name: Column Name: Year: 2003 Field Note:

Numerator: Resident live births weighing less than 2500 grams, calendar year.

Denominator: Resident live births, calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

3. Section Number: Health Status Indicator #01A

Field Name: HSI01A Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center of Health and Environmental Statistics estimates it will be released in the fall of 2005. The estimates for 2004 are provisionally set at the 2003 level.

Numerator: Resident live births weighing less than 2500 grams, calendar year.

Denominator: Resident live births, calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Section Number: Health Status Indicator #01B

Field Name: HSI01B Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Center for Health and Environmental Statistics.

5. Section Number: Health Status Indicator #01B

Field Name: HSI01B Row Name: Column Name: Year: 2003 Field Note:

Numerator: Singleton resident live births weighing less than 2500 grams, calendar year.

Denominator: Singleton resident live births, calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

6. Section Number: Health Status Indicator #02A

Field Name: HSI02A Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics, calendar year 2001 resident data.

7. Section Number: Health Status Indicator #02A

Field Name: HSI02A Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of resident live births weighing less than 1,500 grams.

Denominator: Number resident live births in the reporting period.

Data Source: Kansas Center for Health & Environmental Vital Statistics

8. Section Number: Health Status Indicator #02A

Field Name: HSI02A Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center of Health and Environmental Statistics estimates it will be released Sept., 2005. The estimates for 2004 are provisionally set

at the 2003 level.

Numerator: Number of resident live births weighing less than 1,500 grams.

Denominator: Number resident live births in the reporting period.

Data Source: Kansas Center for Health & Environmental Vital Statistics

9. Section Number: Health Status Indicator #02B

Field Name: HSI02B

Row Name: Column Name: Year: 2002

Field Note:

Data Source: Kansas Vital Statistics

10. Section Number: Health Status Indicator #02B

Field Name: HSI02B Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of resident singleton births weighing less than 1,500 grams.

Denominator: Number resident singleton births in the reporting period (calendar year).

Data Source: Kansas Center for Health & Environmental Vital Statistics

11. Section Number: Health Status Indicator #02B

Field Name: HSI02B Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center of Health and Environmental Statistics estimates it will be released Sept., 2005. The estimates for 2004 are provisionally set

at the 2003 level.

Numerator: Number of resident singleton births weighing less than 1,500 grams. Denominator: Number resident singleton births in the reporting period (calendar year).

Data Source: Kansas Center for Health & Environmental Vital Statistics

12. Section Number: Health Status Indicator #03A

Field Name: HSI03A Row Name: Column Name: Year: 2002 Field Note:

Data Source: Kansas Vital Statistics. 2000 Census rates used to calculate the denominator.

13. Section Number: Health Status Indicator #03A

Field Name: HSI03A Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of deaths from all unintentional injuries (ICD-10 Coding, V01-X59, and Y85-Y86) for children (residents) aged 14 years and younger.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of children (residents) aged 14 years and younger for the reporting period.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002, 2003 populations were calculated using US Census estimates (Bridged-Race Vintage series).

14. Section Number: Health Status Indicator #03A

Field Name: HSI03A Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The Center of Health and Environmental Statistics estimates it will be released Sept., 2005. The estimates for 2004 are provisionally set

at the 2003 level.

Numerator: Number of deaths from all unintentional injuries (ICD-10 Coding, V01-X59, andY85-Y86) for children (residents) aged 14 years and younger.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of children (residents) aged 14 years and younger for the reporting period.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002,2003 populations were calculated using US Census estimates (Bridged-Race Vintage series).

15. Section Number: Health Status Indicator #03E

Field Name: HSI03B Row Name: Column Name: Year: 2002 Field Note:

Numerator: Number of unintentional fatalities to children aged 14 years and younger from motor vehicle crashes (ICD-10 Coding, V01-X59, and Y85-Y86) in the reporting

calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of children aged 14 years and younger in the reporting calendar year.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002 populations were calculated using US Census estimates (Bridged-Race Vintage series).

16. Section Number: Health Status Indicator #03B

Field Name: HSI03B Row Name: Column Name: Year: 2003 Field Note:

Numerator: Number of unintentional fatalities to children aged 14 years and younger from motor vehicle crashes (ICD-10 Coding, V01-X59, and Y85-Y86) in the reporting

calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of children aged 14 years and younger in the reporting calendar year.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002, 2003 populations were calculated using US Census estimates (Bridged-Race Vintage series).

17. Section Number: Health Status Indicator #03B

Field Name: HSI03B

Row Name:

Column Name: Year: 2004

Field Note:

2004 data is not available currently. The estimate for 2004 are provisionally set at the 2003 level. 2004 data is estimated to be available in the fall of 2005.

Numerator: Number of unintentional fatalities to children aged 14 years and younger from motor vehicle crashes (ICD-10 Coding, V01-X59, and Y85-Y86) in the reporting

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of children aged 14 years and younger in the reporting calendar year.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002, 2003 populations were calculated using US Census estimates (Bridged-Race Vintage series).

18. Section Number: Health Status Indicator #03C

Field Name: HSI03C **Row Name:** Column Name: Year: 2002 Field Note:

Numerator: Number of unintentional fatalities to resident youths aged 15 through 24 from motor vehicle crashes (ICD-10 Coding, V01-X59, and Y85-Y86) in the reporting

calendar year

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of resident youths aged 15 through 24 in the reporting calendar year.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002 populations were calculated using US Census estimates (Bridged-Race Vintage series).

19. Section Number: Health Status Indicator #03C

Field Name: HSI03C **Row Name:** Column Name: Year: 2003 Field Note:

Numerator: Number of unintentional fatalities to resident youths aged 15 through 24 from motor vehicle crashes (ICD-10 Coding, V01-X59, and Y85-Y86) in the reporting

calendar year.

Data Source: Kansas Center for Health & Environmental Vital Statistics.

Denominator: Number of resident youths aged 15 through 24 in the reporting calendar year.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002, 2003 populations were calculated using US Census estimates (Bridged-Race Vintage series).

20. Section Number: Health Status Indicator #03C

Field Name: HSI03C Row Name: Column Name: Year: 2004

Field Note:

2004 data is not available currently. The estimate for 2004 are provisionally set at the 2003 level. 2004 data is estimated to be available in the fall of 2005.

21. Section Number: Health Status Indicator #04A

Field Name: HSI04A

Row Name: Column Name: Year: 2002 Field Note:

Numerator: Number of resident children aged 14 years and younger who have a hospital discharge for non-fatal injuries (E800-E869 and E880-E929).

Data Source: Kansas Center for Health and Environmental Statistics, Kansas Hospital Association.

Denominator: Number of children aged 14 years and younger in the State for the reporting period.

Data Source: 2000 US Census populations used for 2000, 2001. The 2002 populations were calculated using US Census estimates (Bridged-Race Vintage series).

Note: Since hospital discharge data is used for this indicator the rate should be per 10,000 population

22. Section Number: Health Status Indicator #04A

Field Name: HSI04A Row Name: Column Name: Year: 2003 Field Note:

2003, 2004 data is not available currently. The estimates for 2003, 2004 are provisionally set at the 2002 level.

Note: Since hospital discharge data is used for this indicator the rate should be per 10,000 population

23. Section Number: Health Status Indicator #04A

Field Name: HSI04A **Row Name:** Column Name:

Year: 2004 Field Note:

2003, 2004 data is not available currently. The estimates for 2003, 2004 are provisionally set at the 2002 level.

24. Section Number: Health Status Indicator #04B

Field Name: HSI04B **Row Name:** Column Name: Year: 2002 Field Note:

For the 2006 Block Grant year, 2002 data was updated to conform to the Title V Guidance. Previously Kansas Department of Transportation data was used. The 2000 and 2001 hospital discharge rates/100,000

population for this indicator were 38.1 and 34.9 respectfully.

Numerator: Number of children aged 14 years and younger with a hospital discharge for non-fatal injuries due to motor vehicle crashes (E810-E25) in the reporting year. Data Source: Kansas Hospital Association.

Denominator: Number of children aged 14 years and younger for the reporting year.

Data Source: Data Source: 2000 UŠ Census populations used for 2000, 2001. The 2002 population was calculated using US Census estimates (Bridged-Race Vintage

25. Section Number: Health Status Indicator #04B

Field Name: HSI04B Row Name: Column Name: Year: 2003 Field Note:

2003 data is not available currently. The estimates for 2003,2004 are provisionally set at the 2002 level.

26. Section Number: Health Status Indicator #04B

Field Name: HSI04B Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimates for 2003,2004 are provisionally set at the 2002 level.

27. Section Number: Health Status Indicator #04C

Field Name: HSI04C Row Name: Column Name: Year: 2002 Field Note:

For the 2006 Block Grant year, the 2002 data was updated to conform to the Title V Guidance which recommended hospital discharge data. Previously, Kansas Department of Transportation Data was used. For this indicator the 2000 and 2001 hospital discharge rates/100,000 population were 170.4 and 182.7 respectfully.

Numerator: Number of resident youths aged 15 through 24 with a hospital discharge for non-fatal injuries due to motor vehicle crashes (E810-E25) in the reporting year.

Denominator: Number of resident youth aged 15 through 24 for the reporting year.

Data Source: Data Source: 2000 ÚS Census populations used for 2000, 2001. The 2002 populations was calculated using US Census estimates (Bridged-Race Vintage series).

28. Section Number: Health Status Indicator #04C

Data Source: Kansas Hospital Association.

Field Name: HSI04C Row Name: Column Name: Year: 2003 Field Note:

2003 data is not available currently. The estimates for 2003, 2004 are provisionally set at the 2002 level.

29. Section Number: Health Status Indicator #04C

Field Name: HSI04C Row Name: Column Name: Year: 2004 Field Note:

2004 data is not available currently. The estimates for 2003, 2004 are provisionally set at the 2002 level.

30. Section Number: Health Status Indicator #05A

Field Name: HSI05A Row Name: Column Name: Year: 2002 Field Note:

Data Source: Numerator: Electronic database, Bureau of Epidemiology and Disease Prevention, KDHE, STD/MIS data.

Denominator: 2000 Census data.

31. Section Number: Health Status Indicator #05A

Field Name: HSI05A Row Name: Column Name: Year: 2003 Field Note: Data Source

Numerator: STD data, Bureau of Epidemiology and Disease Prevention, KDHE.

Denominator: Bridged 2003 Census Bureau Estimates.

32. Section Number: Health Status Indicator #05A

Field Name: HSI05A Row Name: Column Name: Year: 2004 Field Note: Data Source

Numerator: STD data, Bureau of Epidemiology and Disease Prevention, KDHE. Denominator: Bridged 2003 Census Bureau estimates. 2004 estimates are not available.

*Provisional data

33. Section Number: Health Status Indicator #05B

Field Name: HSI05B Row Name: Column Name: Year: 2002 Field Note:

Data Source: Numerator: Electronic database, Bureau of Epidemiology and Disease Prevention, KDHE, STD/MIS data.

Denominator: 2000 Census data.

34. Section Number: Health Status Indicator #05B

Field Name: HSI05B Row Name: Column Name: Year: 2003 Field Note: Data Source Numerator: STD data, Bureau of Epidemiology and Disease Prevention, KDHE. Denominator: Bridged 2003 Census Bureau estimates.

35. Section Number: Health Status Indicator #05B **Field Name:** HSI05B

Row Name: Column Name: Year: 2004 Field Note: Data Source

Numerator: STD data, Bureau of Epidemiology and Disease Prevention, KDHE. Denominator: Bridged 2003 Census Bureau estimates. 2004 estimates are not available.

FORM NOTES FOR FORM 21

HSI #06A - Demographics (Total Population)

Population data was calculated using the Bridged Race Vintage estimates, which is consistant with the Kansas Center for Health & Environmental Statistics.

This form is populated with 2003 population data. 2004 data is not currently available.

HSI #07A - Demographics (Total live births)

This form was populated with 2003 data. 2004 data is not currently available, the Kansas Center for Health and Environmental Statistics estimates the data will be available by Sept. 05.

In the live birth data file, there were 7 births with age of mother missing.

In the Race Categories, Asian includes Chinese and Japanese, and

Hawaiian and other Pacific Islander includes Hawaiian, Filipino, and Other Pacific Islander.

HSI #08A - Demographics (Total deaths)

This form was populated with 2003 data. 2004 data is not currently available, the Kansas Center for Health and Environmental Statistics estimates the data will be available by Sept. 05.

NEW STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET STATE: KS

SP# 1

PERFORMANCE MEASURE: The percent of women in their reproductive years with public or private health insurance coverage

GOAL

All women receive early and comprehensive health care before, during and after pregnancy.

DEFINITION

Numerator:

The number of female residents ages 18-44 who report they have health care coverage in the time period.

Denominator

The number of female residents ages 18-44 in the time period.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

1-1: Increase the proportion of persons with health insurance to 100%.

DATA SOURCES AND DATA ISSUES

SIGNIFICANCE

Behavioral Risk Factor Surveillance System. Weighted data. Usual biases with self-reporting apply.

Access to health services including preventive, primary care, and tertiary care often depends on whether a person has health insurance. NHIS data show that Medicaid expansions lead to increases in enrollment and enhanced utilization of services. Kansas Medicaid eligibility is at the federally required minimum for women of reproductive age, regardless of

pregnancy status.

OBJECTIVE

PERFORMANCE MEASURE: The percent of women who report cigarette smoking during pregnancy

GOAL

Reduce preterm births and low birth weight.

DEFINITION

SIGNIFICANCE

Numerator:

Number of resident live births with tobacco use indicated on the certificate of live birth in the reported time period.

Denominator:

Number of resident live births in the reported time period.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE 16-17c. Increase abstinence from cigarettes among pregnant women to 99%.

The U.S. baseline was 13% of pregnant women reported cigarette smoking (1998).

Kansas Vital Statistics. While prenatal smoking is believed to be somewhat underreported on the certificate of live birth, the trends and variations in maternal smoking based on birth certificate data have been largely corroborated by data from **DATA SOURCES AND DATA ISSUES**

nationally representive surveys.

Cigarette smoking during pregnancy adversely affects the health of both mother and child. The risk for adverse maternal conditions (e.g., premature rupture of membranes, abruption placentae, and placenta previa) and poor pregnancy outcomes

(e.g., neonatal mortality and stillbirth, preterm delivery, and sudden infant death syndrome)is increased by maternal smoking. Infants born to mothers who smoke weigh less than other infants, and low birthweight (<2,500 grams) is a key predictor for infant mortality. Kansas baseline for 2003 is 12.1% of pregnant women smoked cigarettes per Perinatal

Casualty Report.

OBJECTIVE 2006 2007 2008 2009 2010 10 10 10 11

PERFORMANCE MEASURE: The percent of mothers who breastfeed their infants at least 6 months

GOAL Increase the incidence and duration of breastfeeding.

DEFINITION

Numerator:

Unduplicated number of infants who turned 6 months of age during the reporting period by/on their date of visit who

breastfeed at least 6 months.

Denominator:

Unduplicated number of infants who turned 6 months of age during the reporting period by/on their date of visit.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

16 -19: Increase the proportion of mothers who breastfeed their babies at least 6 months

DATA SOURCES AND DATA ISSUES

Pediatric Nutrition Surveillance System (PedNSS), CDC, Kansas WIC program. This data represents Kansas families with

incomes below 185% of the poverty level.

SIGNIFICANCE

Studies show that breastfed infants have improved health and reduced medical costs. Breast milk lowers the risk of the baby developing asthma, ear infections, respiratory infections, and obesity. Studies also show reduced Medicaid expenditures for breastfed babies of \$478 during the first 6 months of life. Breastfeeding also strengthens the nurturing relationship between a mother and her child, promoting stronger family bonds and positive self-esteem for mothers. The American Academy of Pediatrics (AAP) recommends that an infant be breastfed without supplemental foods and liquids for the first 6 months of age (known as exclusive breastfeeding). Baseline: 2003 NIS data, CDC - 37.3% of Kansas women were breastfeeding at 6 months. 2003 PedNSS data for Kansas WIC program - 19.6% of WIC women were breastfeeding at

6 months.

OBJECTIVE

 2006

 2008
 2009
 2010

 22
 24
 24
 25

PERFORMANCE MEASURE: The percent of children and adolescents that receive behavioral/mental health services

GOAL To improve access to behavioral/mental health services for children and adolescents.

DEFINITION

Numerator:

Number of children and adolescents (ages 0-21)that receive behavioral/mental health services through Kansas community

mental health centers

Denominator:

Number of children and adolescents (ages 0-21)in Kansas

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

18-6. Increase mental health screening and assessment in primary care

Objective 18-7. Increase proportion children with mental health problems getting treatment

DATA SOURCES AND DATA ISSUES

Kansas Department of Social and Rehabilitation Services, Community Mental Health Center data

SIGNIFICANCE

Significance: The Surgeon General's Report on mental heath indicates that about 20 percent of children have mental disorders with at least a mild functional impairment. Additionally, about 11% of these children are diagnosed, but not treated. Kansas MCH improves screening of children and youth in school and public health settings by providing training

and support to professionals.

OBJECTIVE

2006	2007	2008	2009	2010
6	6	7	7	8

PERFORMANCE MEASURE: The percent of children who are overweight

GOAL Reduce the percent of children who are overweight.

DEFINITION Overweight is defined as children with BMI-for-age > 95th percentile.

Numerator

Unduplicated number of enrolled WIC participant children ages 2-<5 at >= 95 percentile during the reporting period.

Denominator:

Unduplicated number of enrolled WIC participant children ages 2-<5 during the reporting period.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE 19-3. Reduce the proportion of children and adolescents who are overweight or obese to 5%.

Pediatric Nutrition Surveillance System (PedNSS),CDC, Kansas WIC Program - Table 2C, Summary of Health Indicators

Children ages 2-<5. Kansas baseline is 12.6% in 2003.

SIGNIFICANCE

Maintenance of healthy weight is a major goal to reduce the burden of illness and its consequent reduction in quality of life

and life expectancy. Patterns of healthful eating behavior need to begin in childhood and be maintained throughout adulthood. Overweight and obesity acquired during childhood or adolescence may persist into adulthood and increase the

risk for some chronic diseases later in life.

OBJECTIVE

 2006
 2007
 2008
 2009
 2010

 10
 10
 10
 10
 10

PERFORMANCE MEASURE: The rate of adolescent deaths due to motor vehicle crashes when using no seat belt

GOAL Reduce preventable injuries and deaths among children and adolescents.

DEFINITION

Numerator:

Number of deaths to adolescents ages 15-19 caused by motor vehicle crashes when using no seat belt.

Number of adolescents in Kansas ages 15-19 in the calendar year.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

15-15. Reduce deaths caused by motor vehicle crashes

DATA SOURCES AND DATA ISSUES

Fatal Accident Reporting System (FARS), U.S. Department of Transportation. This data excludes occupants in motor vehicle types such as buses, motorcycles, mopeds, all-terrain vehicles, snowmobiles, farm equipment, and unknown body

SIGNIFICANCE

Unintentional injuries are the leading cause of death for Kansas adolescents and injuries, both intentional and unintentional, are the most significant health problem affecting Kansas youth.

OBJECTIVE

2006 2007 2008 2009 2010 20 20 19 19

PERFORMANCE MEASURE: The percent of infants with special health care needs who receive care within a medical home

GOAL Increase the number of infants with special health care needs who have a medical home.

DEFINITION This SPM was chosen in order to measure infants and medical home status as the NPM already measures children 0-18.

The number of infants with special health care needs in the State identified by vital data base who have a medical home

during the reporting period.

Denominator:

The number of infants with special health care needs in the State identified during the reporting period.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE 16.22: (Developmental) Care within a medical home

Increase the proportion of children with special health care needs who have access to a medical home.

DATA SOURCES AND DATA ISSUES

SIGNIFICANCE

Vital export file used to survey families with high risk infants.

Providing primary care to infants in a "medical home" is the standard of practice. Research indicates that children with a stable and continuous source of health care are more likely to receive appropriate preventive care and immunizations, are less likely to be hospitalized for preventable conditions, and are more likely to be diagnosed early for chronic or disabling

conditions.

OBJECTIVE

2006	2007	2008	2009	2010
65	65	65	65	65

DEFINITION

PERFORMANCE MEASURE:

GOAL

The percent of youths with special health care needs who receive transition services to adult medical care Increase the percent of youth with special health care needs, age 13 to 21, who have received the services necessary to

transition to adult medical care.

This SPM was chosen to specifically measure the transition to medical care age 13 to 21. The Kansas CSHCN program serves children up to age 21. NPM 6 looks at the broad definition of transition (health care, work and independence) for

children 0-18. **Numerator:**

Number of youth with special health care needs in the State age 13 to 21 whose families perceive that they have received

the services to transition to adult medical care.

Denominator:

Number of youth with special health care needs in the State age 13 to 21 during the reporting period.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE 16.23 Transitional service systems

Increase the proportion of States and jurisdictions that have service systems for children with or at risk for chronic and

disabling conditions as required by Public Law 101-239.

DATA SOURCES AND DATA ISSUES

SIGNIFICANCE

CSHCN Speciality Clinic database and survey of youth/families.

The transition of youth to adulthood has become a priority issue nationwide as evidenced by the President's "New Freedom Initiative: Delivering on the Promise" (March 2002). Over 90% of CSHCN now live to adulthood, but are less likely than their non-disabled peers to complete high school, attend college or to be employed. Health and health care are cited as two of

the major barriers to making successful transitions.

OBJECTIVE

2006	2007	2008	2009	2010
60	60	60	65	65

Page 102 of 104

The percent of CSHCN families that experience financial problems due to the child's health needs **PERFORMANCE MEASURE:**

Decrease the financial impact of special health care needs upon families. GOAL

DEFINITION During the Kansas MCH needs assessment this measure was chosen as a priority for the next five years.

The number of children with special health care needs in the State whose families experienced financial problems due to

child's health needs during the reporting period.

The number of children with special health care needs in the State during the reporting period.

Units: Text: 0

16.23 Service systems **HEALTHY PEOPLE 2010 OBJECTIVE**

Increase the proportion of States and jurisdictions that have service systems for children with or at risk for chronic and

disabling conditions as required by Public Law 101-239.

DATA SOURCES AND DATA ISSUES

SIGNIFICANCE

National CSHCN Survey, 2001

Having a child with special health care needs can affect a family's finances, employment status, and mental health. The

demands on families may require that parents cut down their work hours or give up a job, at the same time that they face

burdensome out-of-pocket health care costs.

OBJECTIVE

2006	2007	2008	2009	2010
20	20	20	20	20
